

BRYN YR HAUL

NURSING HOME

You may first be struck by our beautiful Grade II listed building, dating back to 1840 and surrounded by established woodland and gardens. But step through our doors and it is the warmth of our welcome, the experience of our nursing team and the vibrant community within that really make Bryn Yr Haul special.

Located in Mold, our 36-bedroom nursing home provides high-quality nursing, residential and compassionate end-of-life care, with dignity, choice and individuality at the heart of everything we do.

We believe it is often the little things that make the biggest difference. Taking time to listen. Knowing someone's story. Remembering how they like their tea. Supporting a much-loved hobby. And making sure there is always something to look forward to.

Life at Bryn Yr Haul can be as sociable or as relaxed as each resident chooses, with entertainers, visiting speakers, creative activities, themed events, gardening and opportunities for families to join in too.

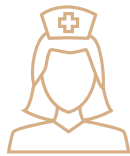

Above all, we want Bryn Yr Haul to feel like home. A place where people are known, families are welcomed and experienced nursing care is always close at hand.

OUR HOME IS YOUR HOME

We know that moving into a care home is a big step, and we want to make that process as seamless as possible.

At Bryn Yr Haul, we offer a safe and friendly environment where our trained team is available 24 hours a day, providing the support you need while respecting your independence, choices, privacy and dignity.

Care types offered at Bryn Yr Haul Nursing Home

Nursing Care

Residential care with the additional support and clinical oversight of qualified nurses for more complex healthcare needs.

Palliative & End-of-Life Care

Compassionate care focused on comfort, dignity, individual wishes and quality of life for people living with a life-limiting illness.

Respite Care

A short-term stay providing all the care and support you need, whether following illness or to give family carers a well-earned break.

THE CARING TEAM AT BRYN YR HAUL

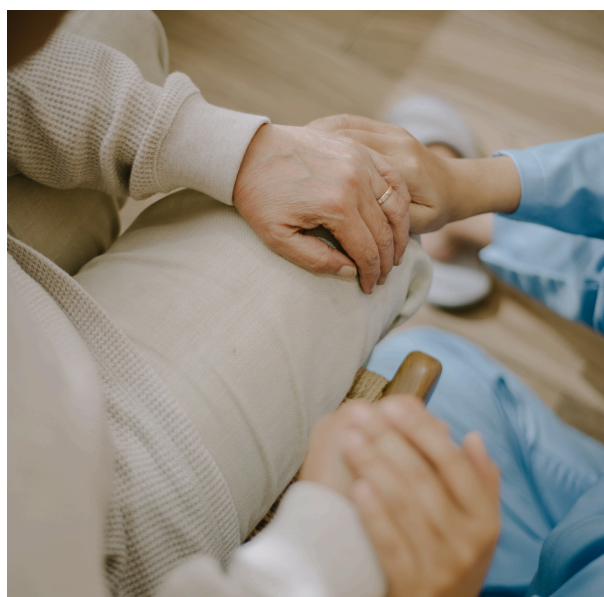

Bryn Yr Haul is led by Registered Manager and qualified nurse Christine Whiteside, who brings more than 40 years' experience in nursing and care, providing experienced and reassuring leadership for residents, families and the wider team.

Our team includes registered nurses, senior care staff, care assistants, cooks, housekeepers, wellbeing staff and maintenance colleagues, all working together to provide sensitive, skilled and compassionate care.

Many team members live locally and are familiar with Mold and the surrounding area, which residents often find reassuring.

We are committed to staff training and development. Most staff have diplomas in Adult Social Care, while all new care staff receive mandatory training and undertake the Care Certificate.

Our team is on hand day and night, providing reassurance and support according to each resident's individual wishes and routines. Our housekeeping team also works hard to maintain high standards of cleanliness throughout the home.

‘The little things are often the things that matter most – taking time to listen, knowing the person and making every day count.’

Christine Whiteside

Home Manager. Registered General Nurse

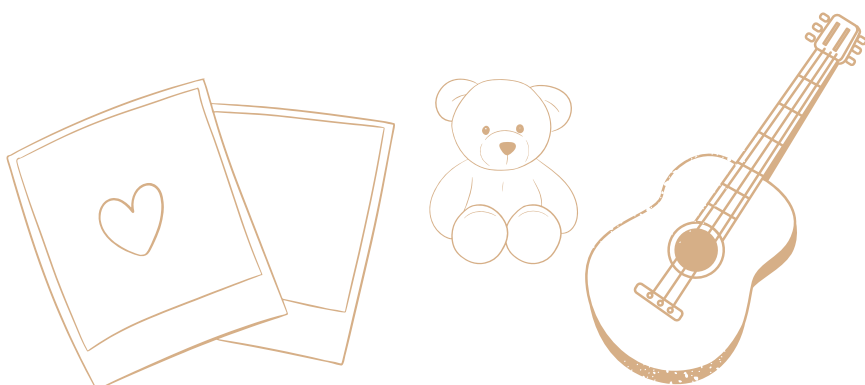

BEDROOMS - MAKE THIS HOME YOUR OWN

Many bedrooms enjoy lovely outlooks across the established gardens.

Your space should reflect your life, and you are welcome to bring as many personal possessions as can be accommodated, including furniture, photographs and ornaments, to make your room truly feel like your own.

Our rooms are furnished to a high standard, with Wi-Fi, call bell and telephone points.

Some of our rooms benefit from an ensuite, however all are unique and of different sizes, with individual layouts.

CARE AND FACILITIES

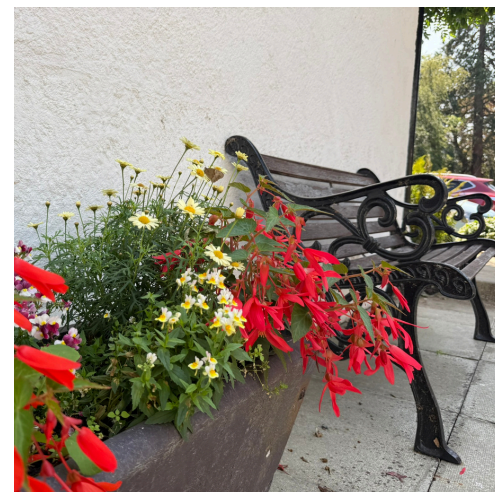

Bryn Yr Haul has an extensive range of specialist equipment to cater for individual needs. Each bedroom has an electric height-adjustable, reclining bed. The home also has assisted power-operated baths and assisted shower rooms. Facilities include a passenger lift and in-house laundry (apart from dry-cleaning). There is a nurse call system throughout the home, as well as a comprehensive fire detection system.

Residents are supported by a local GP practice, with weekly ward rounds at Bryn Yr Haul, helping to provide continuity of medical care and regular clinical oversight alongside our own nursing team.

A hairdresser and chiropodist visit regularly for appointments. These services incur an additional charge.

- Quiet Areas

STAYING CONNECTED

Family and friends are an important part of life at Bryn Yr Haul, and you'll often see visitors around the home enjoying a cup of tea or coffee and spending time with their loved ones.

We have a secure signing-in process, but otherwise our doors are open and families and friends are warmly welcomed. The only exceptions may be at certain mealtimes, when we protect residents' privacy and allow everyone to enjoy their meal comfortably.

You can spend time together in your own room, relax in one of our communal areas or enjoy a stroll and some fresh air in the gardens.

Residents are also encouraged to maintain their lives and relationships outside the home, whether joining family and friends for a meal, an excursion or simply a day out together.

There are plenty of opportunities to build new friendships within Bryn Yr Haul too, and our friendly team is always there for a chat and some company.

TASTY HOME-COOKED FOOD

Good food is an important part of everyday life at Bryn Yr Haul, and our cook and kitchen assistants work together to prepare enjoyable, home-cooked meals for our residents.

Menus are regularly reviewed, with residents' favourite foods, individual tastes, preferences and dietary requirements always taken into consideration. We want mealtimes to be something residents can genuinely look forward to.

For residents who require additional support with eating and swallowing, our kitchen team can prepare texture-modified and blended meals in line with IDDSI guidelines, helping to ensure food remains both safe and enjoyable.

Mealtimes are relaxed and flexible. Residents can enjoy their meals together in our dining room or, if they prefer, in the comfort of their own room.

DEVELOPING YOUR CARE PLAN

Listening to you is where good care begins. From the moment you consider making Bryn Yr Haul your home, we take time to understand your needs, preferences, routines and what matters most to you.

Your resident-led care plan is central to this. It helps us understand not only the support you need, but what living a good and fulfilling life means to you.

Your plan includes your preferred daily routines, food choices, hobbies and interests, life history, how you like to be addressed and any personal or religious preferences. It also records your healthcare needs, medication and involvement from your GP or other healthcare professionals.

Your care plan is developed with you, and your family can also contribute where appropriate. It is regularly reviewed and adapted as your needs or wishes change.

By listening, learning and getting to know you, our team can provide care that respects your choices, independence and dignity.

ACTIVITIES AND WELLBEING

Life at Bryn Yr Haul is about having choice, companionship and opportunities to enjoy each day in your own way.

Our activities programme offers plenty of stimulation and variety, while recognising that everyone has different interests and routines. Residents are always invited and encouraged to join in, but there is never any pressure to take part.

Our Activities Coordinators organise a varied programme including music and dancing, games, afternoon teas, seasonal celebrations, gardening and opportunities to enjoy favourite hobbies. There are also opportunities for outings into Mold and to local shops, cafés, parks, gardens and places of interest across Flintshire.

Stimulation doesn't always mean a planned group activity. It might be a conversation over a cup of tea, enjoying music, spending time in the garden or sharing time with friends, family or our team.

Residents are encouraged to suggest activities and outings they would enjoy. Whether you love joining in, prefer smaller groups, one-to-one activities or simply enjoy watching what's going on, the choice is always yours.

COME AND SEE FOR YOURSELF

Choosing a care home is an important decision, and we believe there is no substitute for coming to visit and experiencing the home for yourself.

We'd love to welcome you to Bryn Yr Haul, introduce you to our team and show you around our beautiful home. You can arrange a tour or spend a little longer with us over a cup of tea in our lounge, with the opportunity to chat with staff and residents. There is absolutely no obligation.

If you feel Bryn Yr Haul could be right for you, we'll arrange a pre-admission assessment to understand your individual care and support needs. We can come to you to complete this, whether you are at home, in hospital or elsewhere.

If you are privately funding your care, you can apply directly for a place. If you require financial assistance, your Local Authority will assess your care needs and financial circumstances. We will work with you, your family and other professionals throughout the process to ensure Bryn Yr Haul Nursing Home can meet your needs.
